stone masons.

"The Lowest Bidder"

"It's unwise to pay too much, but it's worse to be paying too little. When you pay to much you lose a little money-that is all. When you pay to little, you sometimes lose everything, because the thing you bought was incapable of doing the thing it was bought to do. The common law of business balance prohibits paying a little and getting a lot - it can't be done. If you deal with the lowest bidder, it is well to add something for the risk you run. And if you do that, you will have enough to pay for something better"
